## WEB DEVELOPER

Web developer with over 6 years of experience in full-stack development, specializing in creating dynamic and responsive websites and applications. Proficient in modern web technologies and passionate about clean, efficient code. Seeking to leverage my technical expertise and problem-solving skills in a challenging web development role.

---

## SKILLS

### Front-End

HTML5, CSS3, JavaScript (ES6+), React.js, Angular.js | Responsive design, Flexbox, CSS Grid, SASS, Bootstrap | Accessibility (WCAG standards), SEO optimization, Cross-browser compatibility

### Back-End

Node.js, Express.js, PHP, Python, Java | RESTful API development, Authentication & Authorization, WebSockets | Database management (MongoDB, MySQL, PostgreSQL), ORM (Mongoose)

### Version Control & Tools

Git, GitHub, Bitbucket, Jira, Trello | Docker, Kubernetes (basic knowledge), CI/CD pipelines (GitLab, Jenkins) | Cloud services (AWS, Firebase), Serverless Architecture

### Other Tools & Technologies

Unit Testing (Jest, Mocha), E2E Testing (Cypress) | Webpack, Babel, NPM, Yarn | Agile/Scrum methodologies

---

## PROFESSIONAL EXPERIENCE

### **Web Support Specialist**

*Señor Techie, Barrie, ON*

*March 2023 – Present*

- Designed and deployed over 10 custom websites and web applications, increasing client engagement by 25%.
- Built scalable, responsive web solutions with React.js and Node.js, improving load times by up to 40%.
- Integrated third-party APIs, enabling features like payment processing and user authentication.
- Provided ongoing maintenance and updates, ensuring sites stayed up-to-date with security standards and best practices.
- Established a client base of small business owners, generating an estimated \$20K in annual revenue.

### **Web Developer**

*Convenient Business Solutions Inc., Remote*

*May 2021 – November 2022*

- Led the development of a key feature for an e-commerce platform, increasing user interaction by 30%.
- Implemented a React-based analytics dashboard, allowing for real-time data tracking and visualization.
- Developed and optimized database queries, reducing server load times by 20%.
- Created and deployed secure authentication protocols using JWT and OAuth2.
- Collaborated with QA to automate testing, resulting in a 15% reduction in bugs post-deployment.

## Web Developer Assistant

Avetti, Barrie, ON

May 2017 – November 2019

- Assisted in the migration of a legacy system to a modern web stack (React, Node.js), reducing technical debt.
  - Developed mobile-first, responsive user interfaces, improving usability across devices by 35%.
  - Participated in code reviews and pair programming, improving team collaboration and code quality.
  - Identified and fixed performance bottlenecks, leading to a 25% increase in application speed.
  - Wrote unit tests and contributed to the creation of an automated testing pipeline.
- 

## EDUCATION

### Advanced Diploma in Computer Programming

Georgian College, Barrie, ON

2017

- Relevant coursework: Web Development, Database Management, Software Engineering, Object-Oriented Programming
  - Capstone Project: Developed a 2D python game with web integration.
- 

## CERTIFICATIONS

- **AWS Certified Developer – Associate** (2023)
  - **HTML5 Coding Essentials and Best Practices** (edX)
  - **JavaScript Algorithms and Data Structures** (FreeCodeCamp)
  - **Responsive Web Design** (FreeCodeCamp)
- 

## ADDITIONAL SKILLS
